

Children & teenagers courses January / July 2018

Who we are

L'école de français offers French language courses to children, teenagers and adults in the Netherlands.

We have a wide range of courses, for children and teenagers willing to learn French or growing up in a French speaking environment. Classes are given by French native speakers only.

This school year we offer for children and teenagers:

- Regular courses
- Private tuition
- French language and culture workshops

Our children and teenagers courses

For non-native French children and teenagers, we offer the opportunity to start a new language or boost their school performance in French.

For native/bilingual children, we make French a social language, we work on the vocabulary and the structure of the language and we learn more on Francophone culture. With older children, we also work on written French culture.

We work in small groups (4 to 8 people max). It is not a traditional class setting, We use a multidisciplinary approach that promotes interactions in French. To know which group is the best for your child or other information, send a email to info@lecoledefrancais.nl or call +31 20 303 34 38.
